Disposable Ankle Band Timing Chip

2022-23

You have been provided with a <u>one use only</u> disposable timing chip that fits around your LEFT ankle. It is important to fit it correctly to get your times.

THIS SIDE FACES INSIDE YOUR LEG

BACK

What the Disposable Strap looks like

Follow these instructions for optimal performance:

- 1. Ensure that you have been given the correct timing chip at registration
- 2. Practice putting the band around your **LEFT ankle** to get a feel for where you will apply the adhesive strip
- 3. The band needs to be 'comfortably loose' around your ankle so that the chip will have 'air' around it
- 4. Remove the adhesive backing from the back of the band in order to secure the strap onto itself
- 5. Run the strap around your finger when finally attaching the strap, then remove your finger. This is how you ensure the strap is not tight on your ankle
- The Race Number should be facing outwards on your LEFT ankle as that is where the chip is located. The front of your ankle should show the logo

7. IT IS A SINGLE USE band. The Event may not have a replacement if you damage the band or chip. The chip SHOULD NOT be placed under the wetsuit or sock - it needs to always be seen to be read accurately
